## About South Africa

South Africa is a unique nation with a diverse culture. It's home to some of the most beautiful landscapes around the world. Visitors to the Southern tip of Africa will find famous beaches as well as popular national parks and historical sites. The country of South Africa has the ability to host Christian students in a secure environment while providing exposure to many forms of cultures, languages, economic classes, businesses and missions models. Furthermore, South Africa is a very affordable option for interning abroad as local transportation, safe accommodation, food and world class training facilities come at very affordable prices.

### CULTURAL DIVERSITY

The social complexity of South Africa with various cultural groups, 12 national languages and many more un-official languages, economic disparity gaps, African refugees from countries like Zimbabwe, Malawi, Nigeria, Congo, Somalia and others as well as an influx from people of India, Pakistan and China makes South Africa a unique internship abroad destination with entrepreneurial and life lessons to be learned every moment.

## HOPE HOUSE

### Vanderbijlpark, Johannesburg, Gauteng

Vanderbijlpark is a 50 minutes drive South of Johannesburg and forms part of the Gauteng province (Gauteng meaning - Gold). This is the center of economic activity in South Africa and Africa with various large businesses and Christian ministries for intern exposure.

## HIS HOUSE

### George, Garden Route, Western Cape

The small City of George is the jewel of the Garden route and a beautiful place for the interns to stay and work. Most of the intern abroad experience will take place in George where various businesses and ministries at the forefront of missions and entrepreneurial development are located. Interns will be exposed to a wide variety of learning, work, and mentorship. The local area with mountains and beaches makes it an ideal place for adventure with purpose.

  - Working on caring, counselling, outreach and other ministerial aspects

## SAFETY & SECURITY

Intern safety is our top priority. South Africa as a whole has a high crime index, however, the majority of the internship experience will be in George South Africa which is one of the top five safest cities in the nation. According to recent surveys, George's crime and safety scale rating is very similar to Tulsa, Oklahoma's. To mitigate naturally occurring risk when traveling in an unknown city, interns will be briefed by locals on standard safety protocol during orientation. Even with George's relatively low crime rate, O4 has developed risk management and safety protocol to implement an even higher degree of safety. O4 practices have been developed over 10+ years of hosting over 400 international visitors to South Africa. For a complete list of O4's safety protocols, please refer to our website.

## HEALTHCARE

- Medical insurance is required for each Intern. Please refer to your University policies as well as your medical aid provider for coverage to ensure that international medical expenses are covered. South African hosts will need proof of medical insurance before interns arrive in South Africa.
- South Africa is a country with adequate healthcare facilities. While it is not recommended to rely on the public health system exclusively in South Africa, access to excellent private healthcare facilities will be available during the trip.
- All visitors will also have to sign a general liability waiver and must bring original prescriptions for any regular medication. Medicine brand names may be different in South Africa, and in some cases may not be available.
- Upon admittance to the internship program, each intern must provide their host with a list of medical history, allergies, and regularly taken medications.

## VACCINATIONS, MALARIA AND COVID 19

- According to our knowledge and experience, no Vaccinations are necessary for South Africa, however it is recommended that you consult the US State Department website to confirm.
- The Kruger National Park is located in a Malaria area but the risk is reduced during the winter months when interns will be visiting. Consult with your doctor on whether to take malaria medication. We will also assist with shopping for Mosquito repellent and precautionary arm and ankle bands.
- COVID-19 - All facilities will have COVID-19 protocols in place.

## ACTIVITIES AROUND GEORGE/ EXCURSIONS

George is world renowned as an adventure destination, and there are many opportunities for excursions in the area. Interns will be able to do research ahead of time to plan ahead for weekend excursions. During the boot camp we will make a list of interns' proposed activities and assist in the planning to ensure all interns make the most of their time in South Africa. Refer to the following link for some ideas and information:  
<https://www.travelibikitours.co.za/>

Hosts will plan group adventure excursions and road trips as part of the program but will also advise additional optional weekend excursions.

## TRANSPORTATION

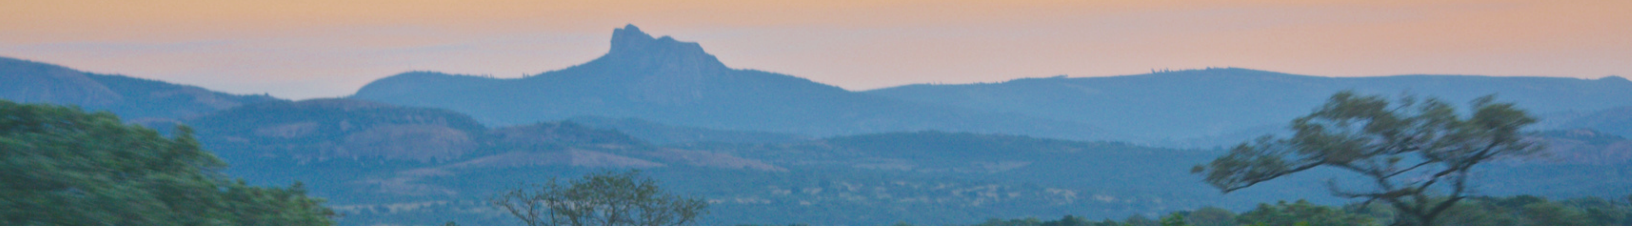

All transportation to and from the organizations will be provided. As well as transportation to any programs, events, and any scheduled trips organized by O4. Transportation for trips not organized by O4 may be provided as the need arises.

## FITNESS AND EXERCISE

The groups interns will be socializing with are very fond of exercise. The city of George is also a runner, walkers, swimmers, tennis, golfers and MTB cyclist paradise as there are many beaches, mountains, woods and parks to explore. Bring the gear you might need for your sport/exercise training. A Gym pass or CrossFit pass can also be arranged. You can also be added to local messaging groups on WhatsApp to learn about local events and opportunities to participate in events over weekends and after hours.

## INTERNET & MOBILE

- Most places interns visit and work at will have good internet and wifi availability.
- Interns can decide to get a South African sim card if they feel it is needed to make normal local voice calls

## Dr Jan & Maresa Boshoff

Dr Jan & Maresa Boshoff and family are based in Tulsa and take care of pre-trip cultural, logistical and practical training and planning with students in the USA. They have extensive business experience and a heart for facilitating meaningful experiences for Christian people.

## STATEMENT OF FAITH

O4 Adventure believes in one God, eternally existing in three persons- Father, Son and Holy Spirit. We believe in the scriptures of the Old and New Testament and declare them to be God inspired and the final authority for faith and life. O4 firmly believes that the Lord Jesus Christ died for the sins of humanity and that all who believe in Him are justified on the grounds of his shed blood. O4 believes that through the repentance of our sins and by receiving the Lord Jesus Christ individuals are born again of the Holy Spirit and thereby become Children of God. We at O4 Adventures believe in the resurrection and the coming return of the Lord Jesus Christ. Please refer to [www.lifecf.org](http://www.lifecf.org) for the full statement of faith.

Interns with O4 Adventures are not required to share in our faith values but interns are required to attend all group activities and respect the faith of others. Discipleship components will be integrated in the internship experience and training will be from a faith perspective with the goal of combining faith and vocation.

# INTERNSHIP ABROAD

## THE O4 CODE OF HONOR

O4 Internship Abroad places a high value on the way students conduct themselves privately, personally, publically and in interaction with other people while being a part of the Internship Abroad program. In order to foster an environment for healthy relationships and group dynamics, all interns will be required to sign a code of honor upon arrival to South Africa. A few key points on the code of honor to be aware of are the following:

- Interns are expected to uphold a positive attitude and do their due diligence in all tasks and activities.
- Interns are expected to abstain from all drug or alcohol use. Interns are expected to abstain from romantic relationships with other interns and from all sexual activity.
- Interns are expected to dress in a manner that is appropriate for South African culture and the contexts they will be in
