MORE

Dr Sakkie and Leandra will guide the group with the help of experienced hosts. An experienced traveller from the USA to South Africa will fly out with you from the USA. Travelling in South Africa will be mostly by mini-bus and a return local flight between Johannesburg and George. Every day will consist of an excursion that is either an intentional adventure or a day of outreach and service.

Service will also consist of environmental actions like serving with lions that have to be in captivity. South Africa is world renown for its cuisine so be treated on everything from Ouma's Cooking, South African Beef, sheep, game, seafood and chicken kebabs. Plenty of salads and fresh food for the more health conscious. All accommodation and travelling is very considerate of health, risk and security management so everyone can feel safe and confident while enjoying the adventure of a lifetime.
